

**[www.skbattery.net](http://www.skbattery.net)**

SK Industries is a leading and quickly growing industrial battery business in the Midwest & Chicagoland area. SK Industries was established in 2009 to provide quality new & reconditioned industrial batteries & recycle expired batteries & equipment. SK Industries is located in West Chicago, IL. We are currently looking to fill a position for a full time Warehouse Manager/Battery Technician. The successful applicant would be highly motivated & looking to expand their knowledge of industrial batteries & chargers in a fast paced, flourishing business. Industrial battery experience is preferred, but not necessary.

**Warehouse Manager/Battery Technician Job description:**

- Load & Unload trucks of product. Lift truck experience helpful but not required.
- Prepare reconditioned batteries for sale; scrape, wash & paint.
- Maintain, organize & clean the warehouse environment.
- Inventory Parts
- Assess viability and recondition used batteries; testing, charging, replace battery cells, cables, and acid adjustment. Safety & technical training will be provided.
- Deliveries & on-site battery testing as needed.
- Other duties as assigned.

**Job requirements:**

- Valid driver's license
- Acceptable verbal & written communication skills
- Ability to provide customer service: to interact with consumers on all levels.
